

Travel

- Families should avoid unnecessary travel before Fall Re-entry or throughout the year.
- MCH is strongly encouraging all families to avoid any travelling for the 2 weeks before school opens on September 1st.
- A student who has traveled to an area of the United States which is designated as a high risk or has been experiencing elevated COVID-19 exposure rates, will be required to quarantine for 14 days (or may attend School at Home if available) while they self-isolate.
- A student who has traveled internationally will be required to quarantine (or may attend School at Home (if available) for 14 days while they self-isolate.
- CDC Consideration for Travelers in the US and CDC Travelers Index should be consulted before taking any trips to understand your risks of travel and requirements for your return.
