Local School Introduces One of a Kind “Mommy & Me” Program

REDMOND, WA – A Redmond school has kicked off an innovative learning program for infants from birth to 18 months old. *Discover Me*, a Parent and Child program offered at Montessori Children’s House (MCH, mchkids.com), is the only Montessori-based “mommy & me” program offered in the Redmond/Sammamish area.

MCH Infant/Toddler Program Director and *Discover Me* teacher, Kim Berude, says that babies learn immediately after being born through all their sensory experiences. “In *Discover Me*, we give parents the tools to create a Montessori experience at home along with the support to turn everyday experiences into learning-based activities.”

A Montessori education has been long been accredited to innovative and entrepreneurial thinking. Amazon’s Jeff Bezos along with Google founders Larry Page and Sergey Brin have publically stated that their Montessori education was essential for their educational and personal foundation. Along with business leaders, English royalty have been devoted to a Montessori education for generations; Princess Kate and Prince William choose a Montessori education for their toddler, George of Cambridge.

Montessori Children’s House is currently enrolling for the winter session of *Discover Me*. Learn more and enroll at mchkids.com/parentchild-program.

ABOUT MONTESSORI CHILDREN'S HOUSE (MCH)

Founded in 1987, Montessori Children's House is the only American Montessori Society accredited school in Redmond and Sammamish. Honored as a BEST OF school by the Redmond Reporter, MCH is committed to an authentic Montessori education with an emphasis on nature. Our serene, five-acre campus in a farm-like setting connects students to their natural environment and encourages individualized learning. Learn more about MCHkids.com.
